#### RECOVERED STOCKS

DECREASE IN VOLUME OF BUSINESS, BUT THE SHARE LIST FIRMER.

#### Sugar and Pullman Shares Suffered a Decline-At Indianapolis Wheat Falls Off 1@11-4c.

At New York, yesterday, money on call was easy at 1 per cent.

Prime mercantile paper, 3@5 per cent. Sterling exchange was firm, with actual business in bankers' bills at \$4.88%@4.88% for demand and \$4.87%@4.87% for sixty days; posted rates, \$4.88@4.89; commercial

bills, \$4.8614@4.8614. Silver certificates, 65c. At New York bar silver was 621/6c; at London bar silver

was quoted at 28%d per ounce. Total sales of stocks amounted to 121,900 shares. There was a marked decrease in the volume of business on the Stock Exchange, yesterday, but the speculation was firmer in tone and there was a partial recovery of the losses of Monday in most instances, while in some stocks a higher range of values was established. Sugar was a notable exception, and lost the greater portion of Monday's gain. The Atchison affair still stirs the street, and the speculative fraternity looked anxiously for expert Little's report, which it was expected would be presented to the meeting of the reorganization committee called for 1 o'clock. When the meeting entered on its session it was announced that the report was not completed; that Mr. Little had only just begun the work on the Eastern books, and that he would not have finished his examination of them before next week. The statement that the investigation already shows an overstatement of receipts for the past five years of more than \$7,000,000 was verified, but no explanation of it is yet made, and Mr. Little declines to make public in what way it was done, whether by means of rebates or commissions, or both. The committee also refuses to talk in advance of the presentation of the complete report. Atchison stock advanced 1/2 per cent., mainly on purchases to cover short contracts. The bonds have recovered 1@14 per cent. in the face of some small foreign selling. Sugar was very strong in the early dealings, and large purchases of the shares were made on the generally expressed opinion that Senator Gorman's speech made it very nearly certain that sugar was sure of protection in the tariff bill, or that the present measure would fail. An advance of 1/2 was made, followed by a reaction of 11/2 and by a brisk rise of 13/8. Then came Washington reports of a probable compromise on the sugar schedule, which sent the shares down 21/2 per cent, the last being the lowest price of the day and 1% below Monday's closing figures. Chicago Gas was raided in the opening trading on the passage of the Universal Company's franchise by the Chicago Common Council over the Mayor's veto. The resulting loss was 1%. Purchasers came in at the decline, who bought on the theory that, the franchise having been granted, there would be no further disturbing elements in the situation, and on the theory of the bulls in the stock a plant would never be constructed to supply 90cent gas, because there was no money in it. The strong support given to the shares caused an improvement of 1%, of which 1/2 per cent. was lost at the close on sales to take profits. Distilling fluctuated within a margin of 4 per cent., touching 18% in the morning and 17% in the afternoon, and closing within 4 of the top price and 4 above Monday's. The general market was irregular on very light dealings, but closed fairly firm. National Linseed shows an advance of 14 and St. Paul & Omaha and Richmond Terminal preferred each 1 per cent. Pullman declined 1%. The other gains and losses are fractional.

and losses are fractional. The bond market was firm to strong, the leading changes being: Advances—Rich-mond & Danville consol sixes, 214: Rich-mond & Danville stamped fives, 1: Georgia Central fives and Atchison fours, 11/2; Atchison seconds, Class A. 1; Kansas Pacific consols, 14; C., C., C. & St. L., St. Louis division, fours, Pittsburg & Western firsts, Rio Grande Western firsts and Union Pacific sinking fund eights, 1 per cent. De-clines—Wabash seconds, 1½; St. Joseph & Grand Island firsts, 1¼; Equitable Gas of Chicago firsts and Northern Pacific terminal firsts, 1 per cent.

Government bonds were firm. State bonds The following table, prepared by James E. Berry, Room 16, Board of Trade, shows the range of quotations: Onen- High- Law- Class

### York exchange, 40@50c discount. Clearings, LOCAL GRAIN AND PRODUCE. Trade Dull in Every Department of

Business. There was an air of extreme quiet in trade circles yesterday, and no line rose above the dead level of duliness. Grocers were the only people doing anything to speak of, and that was nothing gratifying. On Commission row there was less than the usual stir. Prices on all fruits and vegetables were about the same as Monday, except that tomatoes, under liberal receipts, dropped sharply. Poultry is higher under lighter receipts, hens advancing to &c and spring chickens to 12c straight. On 'Change there was very little doing. Literal receipts of wheat sent prices down still further, with no one anxious to invest. Corn advanced 36c for yellow and mixed. The receipts yesterday embraced 33 cars No. 2 red wheat, A of No. 3 and 7 rejected; 1 car of No. 1 white corn, 15 of No. 3 and 2 of No. 4. Closing bids on 'Change

Wheat-No. 2 red, 441/2e; No. 3 red, 42e; wagon wheat, 46c. Corn-No. 1 white, 46c; No. 2 white, 46c; No. 3 white, 46c for one color, 45c for grade; No. 4 white, 41c; No. 2 white mixed, 45c; No. 3 white mixed, 45c; No. 4 white mixed, 41c; No. 2 yellow, 43%c; No. 3 yellow, 43%c; No. 2 yellow, 40c; No. 2 mixed, 431/2c; No. 3 mixed, 431/2c; No. 4 mixed, 40c; ear corn, 46c.

# QUEER SORT OF RELIGION.

#### The Founder Walked on the Water, but There Was a Board Platform.

WILMINGTON, Del., July 24.-A strange religious sect has just been brought to light by the burning of the Church of the Sanctified at Frankford, in this State. The church was burned by the people of the town because they did not like the denomination. The sect was started by "Bishop" Joseph Barnard Lynch, who belonged to Chincoteague island, where the denomination was

Lynch claimed that, like Christ, he could walk on the water, and for some time he deceived the people into believing it. He had a lot of boards made into a platform and placed them about four inches under the water, and on these he walked until some one removed the boards, and the "Bishop" was nearly drowned. Then the people of the island ran him away, and he went to Frankford, where he established the church whose building has now been burned.

One member of the church preached each Sunday, and after church a weird kind of dance was held, until the people dropped from sheer exhaustion. No one ever saw such a dance before. The feature of the religion to which the people of the town most objected was that the church thought it was necessary for a man and a woman to preach sanctification together, and that a man's own wife would not do. In this way they got to trading their wives and sisters, and as a consequence the church was burned. The people who belonged to the church were mostly ignorant, and allowed themselves to be imposed upon by the leaders. All the leaders lived with one member of the church without paying board until the person could no longer afford to keep them. Then they moved on.

### LIKE AN EARTHQUAKE.

### Portion of Coffeyville, Kan., Lifted by Natural Gas Explosion.

COFFEYVILLE, Kan., July 24.-Between 1 and 2 o'clock this morning Coffeyville experienced a subterranean explosion strongly resembling an earthquake, which terrified people for miles around and caused much damage. Just north of town is situated a strong natural-gas well. About the time mentioned several distant explosions, rapidly following one another, awoke the citizens, who jumped out of their beds to find the town brilliantly illuminated. The earth trembled perceptibly, shaking buildings. Showers of rocks could be seen bursting from the well. Huge rocks were hurled high into the air, and, descending, crashed into the cottages in the neighborhood of the pit. One rock, weighing fully thirty pounds, fell through the roof of a house and barely missed the occupants. As far as known, however, no one was hurt. Daylight disclosed a dismal sight. For thirty acres around the well the earth was torn up as if by a volcano. Houses had been shattered, barns toppled over, and masses of earth appeared where before the ground was level. The strange phenomenon is unaccounted for.

#### IN THE COURTS. Criminal Court Cases.

George Moore was arraigned before Judge Cox yesterday upon an indictment charging him with a nameless crime. The case was taken under advisement by the court. Charles Parker was on trial during the afternoon before a jury for petit larceny. He and William Battich were jointly indicted for stealing plumbers' supplies from the McElwaine-Richards Company. Battich was convicted and sentenced about one month ago. Atleged Rioter in Jail Here.

Edward C. Weeks was brought down from Hammond yesterday by Deputy United States Marshal Medley and sent to jail. The prisoner was accused of violating the restraining order at Hammond July 8. It is charged that he was one of a party of rioters who upset a Pullman car and did other lawless acts on the above date. His bond was placed at \$5,000, and he was unable to furnish the amount.

Suing for a Sewer Assessment.

Sewer contractor William Bossert yesterday filed suit against the L. E. & W. Railway Company to foreclose an assessment of \$1,950 for the construction of a sewer in the alley alongside the company's freight house on South Alabama street. The company will contest the payment of the

Wants \$2,000. Amanda Young yesterday filed suit against Thomas Mills, Samuel Small, David R. and Elda N. Newlin for damages in the sum of \$2,000. She alleges that she was damaged to this extent in a real-estate transaction with the defendants.

#### THE COURT RECORD. Criminal Court.

Millard F. Cox. Judge.

State vs. George Moore; sodomy. Trial by court. Under advisement. State vs. Charles Parker; petit larceny. On trial by jury.

# FRACTION LOWER

WHEAT FIRMED UP, BUT LATER WENT OFF AGAIN AT CHICAGO.

Inclination to Drop on Every Sign of Bear News-Corn Is Slightly Higher and Pork Up.

CHICAGO, July 24.-The lower prices of wheat tempted shorts to-day and they covered for a time, with the result that the market was firm until near the close. A rumored shipment of wheat from Toledo here knocked down the advance, however, and September closed 1/sc lower. Corn closed 1/3c higher, oats unchanged and provisions firm at slight advance for pork.

In wheat there was an active trade with the volume of business quite heavy. Initial transactions were at about yesterday's final figures, September opening at 53%c and, after selling down 1/2c, rallied 1/2c, declined 1c, ruled steadier and closed steady at 53%c. There was not quite so much pressure on the market at the start and offerings were well absorbed, some professional shorts covering, but the liquidation was heavy and was quite a feature. Outside markets were rather steadier but cables were weak and 1/2d lower. The weather abroad was reported as unsettled and exceedingly wet in England and was something of a feature. The decline, after the rally, towards noon, was due to a report that a charter had been made at Toledo to bring a cargo of wheat to this point.

The opening in corn was irreguar at 44%c for September and an advance of 46%c; but gradually sold down 1@14c, rallied ic, ruled steady and closed at 43%c. The early strength and firmness was attributed to outside buying orders, local buying on the continued dry weather and high temperatures through the corn belt but at the advance there was heavy realizing by longs in general, which resulted in a material decline. Good buying set in and most of the loss was recovered.

Oats were higher at the start on good buying, but declined later when the demand slacked. The decline caused a reaction and the close was steady. The range was 1/2c for September. Provisions were generally firm all day on covering and a scarcity of offerings. Compared with last night, September pork is

10c higher and September lard and ribs un-Freights quotable at %c on wheat or corn to Buffalo. Leading futures ranged as fol-
